HELP PROVIDE RELIABLE FUNDING

Cynthia and Ronald E. - monthly donors since 2016

Why do we give monthly to ReThink Energy Florida?

“We have been supporters of ReThink Energy Florida since our daughter Holly was an intern with the organization several years ago. She gravitated towards the organization through an early love of the outdoors and was motivated by the book, “Last Child in the Woods” by Richard Louv, about saving children from a nature deficit.

Through her internship at ReThink those years ago, Holly was incredibly inspired as she learned the fundamentals of running a non-profit. She has since graduated and now serves as a political staffer with an environmental group in Colorado.

One might say that, by her example to take action, she led us. As parents and citizens, therefore, our involvement and regular giving to the organization reflect commitments to future generations and the environment. Nothing matters without sound foundations, safe, and healthy environments.

Through work and regular giving, we try to do our part. "We encourage you to join us!"
