

## *Spring 20201 Young Environmental Leaders Scholarship*

- Purpose:** The purpose of the Young Environmental Leaders Scholarship is to assist students in furthering their academic career after high school. In doing so, the YEL program hopes to provide youth activists with opportunities to exercise and refine their leadership skills.
- Criteria:** Students eligible for assistance must be Leon County high school sophomores, juniors and seniors who intend to continue their education at a two-year or four-year institution. Students should be regular participants of the YEL program, although special consideration will be given to those who display high academic achievement and exceptional leadership qualities.
- Guidelines:** To apply for this award, students will be asked to submit an application along with their transcript. Students can find the application on the ReThink Energy Florida website, [www.rethinkenergyflorida.org](http://www.rethinkenergyflorida.org). Once completed, applications and transcripts should be sent to Sarah, the Associate Director of Education, for review. Sarah can be contacted via email, [sarah@rethinkenergyflorida.org](mailto:sarah@rethinkenergyflorida.org). To apply for the spring 2021 grant, applications must be submitted by **April 20th**.
- Amount:** One eligible student will be awarded a single installment of \$500.
